Hyperbaric Safety Director Course
Drury Plaza Hotel, San Antonio, Texas

Course Description
This 3 day program provides necessary tools and resources to fulfill the responsibilities of the hyperbaric safety director as defined by NFPA 99. The curriculum includes classroom instruction and practical exercises.

Objective
Upon completion of the course participants should be able to manage the safety issues associated with the care of patients in a hyperbaric medicine setting, develop a comprehensive safety program, and know how to conduct safe hyperbaric chamber operations in accordance with current industry and regulatory standards. Completion of this course does not constitute certification or credentialing.

Who Should Attend
This course is appropriate for hyperbaric technologists, respiratory therapists, nurses, physicians, and department managers.

Tuition
$495 per person

Accommodations
Participants are responsible for their own travel, food, and lodging. A block of rooms is reserved at the Drury Plaza Hotel San Antonio Riverwalk at a special rate of $115 (plus 16.75% hotel tax) per night for a single room ($10.00 per each additional person). Reservations received after the cut-off-date will be provided on a space-available basis at the prevailing rate.

Location
Hyperbaric Safety Director Course is held at the Drury Plaza Hotel located on the Riverwalk in historic downtown San Antonio.

Travel Schedule
Lectures will begin on 8:00 a.m. on Monday, you may check in starting at 7:30 a.m. The course adjourns at 5:00 p.m. on Wednesday; you should select a flight that departs after 7:00 p.m.

Topics
